## BREAKAWAY STIRRUPS

The revolutionary concept of our **SmartRider "Classic"** Breakaway Stirrup has been years in the making, every detail was checked by engineers to ensure that our stirrup is effective and affordable.

Our **SmartRider "Classic"** Breakaway Stirrups have been tested in accordance with international standards by the "TUV-Testing facility in Munich".

Our **SmartRider "Classic"** Breakaway Stirrups are made from 316 Marine Grade Stainless Steel.

Wearing normal stirrups, when a rider is thrown, the foot can become trapped.

With our **SmartRider "Classic"** Breakaway Stirrups the inner bar is released, freeing the rider.

## BREAKAWAY STIRRUPS

Our **SmartRider "Escape"** Breakaway Stirrup is a Two-Part stirrup that disengages, setting the rider free when in a position of danger!

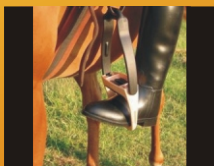

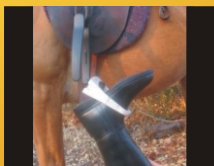

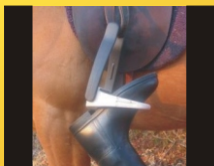

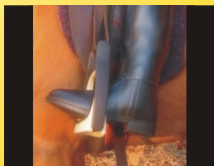

AUSTRALIAN MADE®

*Proudly Australian in Invention, Design, Development and Manufacture!*

The first ever Two-Part Breakaway Stirrup to be made in such a revolutionary high-tech material, our unique innovation incorporates UV protection within its design and can be produced in a vast array of colours and also has the added aiding provision, when tilted to a 180 degree angle the unique system doubles as a ladder.

Our Breakaway Stirrups won't stop you from falling, but will allow you to enjoy the freedom of horse riding with the knowledge that if you do part company with your horse, you'll do just that!
